Andrew: who knew?

me: not me

me: anyway, I spoke to Spencer Ackerman, David Weigel, and some other folks last night, so they'll be picking up the story soon, at which point McCain should be done for

Andrew: surprised it took this long

Andrew: you must be slipping

me: mayhaps

me: anyway, I'm going to concentrate on video game journalism after this

Andrew: good idea

Andrew: any video games you have pending on your enemies list?

me: well

me: Tropico 3 is about to come out

me: but I can't run it

me: so that certainly angers me

Andrew: yeah, video game journalism is tough without a proper set of video game playing devices

Andrew: you could write a dwarf fortress article

me: indeed

Andrew: or a morrowind + mods article

me: yeah, I'll do that first

Andrew: rockpapershotgun did both of those already unfortunately

me: fucking none of the editors of all those pc mags got back to me on that

Andrew: have you played love yet? the alpha is \$3

me: no, but will

Andrew: ill bet its cool

me: wait, that's the procedural deal, right?

Andrew: yep

me: fuck

me: it's out?

Andrew: no

Andrew: there is an 'early' alpha out

me: ah

Andrew: it is not feature compelte at all

me: I'll check it out anyway

Andrew: yeah, you should

Andrew: they are charging \$3 to cover the costs of the sevrers

Andrew: but it sounds worth it to me

Andrew: ill get it if you do

me: very well

Andrew: we can go collect energy together

Andrew: or whatever the fuck you do in that game

me: sounds heterosexual

Andrew: yeah, there's a minigame called "logjamming"

Andrew: not sure what that entails

Andrew: we'll find out i guess

Andrew: wink

me: wink wink

me: sorry, I'm gay with Charles Johnson, apparently

me: already taken

Andrew: thats cool

Andrew: im gay with haskell

me: just die

me: or go back to reddit

me: with your programming jokes

Andrew: if you are ever interested in doing a humorous lambast of mult-variate concurrency control semantics

Andrew: I'll give you an outline

me: thanks

me: also, WTF DAVE

me: mind-blowing

Andrew: yeah

Andrew: im impressed

Andrew: the guy done went and got himself laid
